

# Packaging That Performs

Folding paperboard cartons and so much more

Taylor is a leading provider of packaging solutions for the consumer products industry. Economical, sustainable and endlessly versatile, folding cartons are ideal for a wide range of applications.

## From Concept to Completion

Everything you need to create a paperboard carton for your product is available through Taylor.

- Carton design and prototyping
- Printing, both UV and conventional
- Die cutting and digital (CNC) cutting
- Automated folding and gluing
- Hand bindery and kitting

## Special Embellishments

Capture the consumer's attention with special finishing techniques that stand out on the shelf.

- Embossing and debossing
- Foil stamping
- Soft-touch, matte and gloss aqueous coating
- Spot and flood UV coatings
- Screen printed spot and raised UV
